Product Name
RTV silicone adhesive

KANGLIBANG® KN-300X

KN-300X is silicone adhesive which used for cured silicone rubber bonding cured silicone rubber at room temperature.

Features
1. Good leveling property
2. High and low temperature resistance (-60~200°C)
3. UV and ozone resistance
4. Excellent insulation
5. Do not turn white, do not turn hard

Application
※All kinds of silicone sealing rings
※Insulation of various electronic components
※Silicone Products
